Learning Management System (LMS) Test Administration Catalog Courses and Posting Dates

This table outlines the courses available within the LMS Test Administration catalog. Each LMS Learner must complete courses specific to their role(s) for test administration. Note: Learners only have access to courses posted within the Test Administration catalog. Managers (for example, district and school staff with a District Assessment Coordinator (DAC) or AA (Assessment Administrator) user role in PearsonAccess Next) have additional access to the courses within the DAC catalog.

Tip: Share links with Learners for quick access to courses. Please note that Learners must have an LMS account to access the course.

This table outlines all required courses for each role, and when the course will be available in the LMS.

Test Administration Role	Course Name	Date Available in the LMS
WIDA ACCESS Test Administrator – Grades 1-12	_Test Security Training (Assurance of Test Security included)_	Nov. 7, 2025
